

Northeast Rehabilitation Hospital

at Southern NH Medical Center West

Nashua, NH

Rebuilding lives through hope, compassion
and dedication to excellence

Choose us.

Northeast Rehabilitation Hospital Network (NRHN) has partnered with Southern New Hampshire Medical Center in Nashua, NH to offer acute inpatient rehabilitation care to Nashua and surrounding communities.

Our hospital features private rooms and offers patients the high quality care of a big city hospital close to home.

As one of only a handful of organizations who demonstrate a high level of commitment to providing expert stroke and brain injury rehabilitation, Northeast Rehab has achieved the distinction of Specialty Stroke and Brain Injury Certification from both The Joint Commission and Commission on Accreditation of Rehabilitation Facilities (CARF). These certifications are a clear sign that we are dedicated to providing the highest quality of care to our patients with use of only evidence proven therapies.

For those patients who have experienced the loss of a limb, we have been awarded a specialty certification in Amputee Rehabilitation from The Joint Commission.

Your recovery is our number one goal.

"It was not just a job for the nurses and therapists; they all really show how much they care about you and your recovery."

- John McCarter,
Patient Danville, NH

State-of-the-art technology and highly trained staff set us apart.

- Licensed as a hospital with 20 private rooms for a quiet and relaxing atmosphere
- On-site physicians 7 days/week
- Certified Rehab Registered Nurses on staff
- Full time therapy staff which specializes in acute rehabilitation
- At least 3 hours per day of rehab therapy
- Located at Southern New Hampshire Medical Center's West Campus
- Conveniently located right off Route 101A with ample free parking

Patients and families will find our hospital filled with amenities, technology and specialty programming to support recovery.

When a disabling injury or illness touches your life or the life of someone for whom you care, recovery becomes a primary concern. Our dynamic, 24 hour rehabilitation experience is powered by our highly qualified professionals. Take a tour and meet our therapists, talk with our certified rehabilitation nurses and dedicated case managers to discover how deeply committed they are to helping patients achieve maximum recovery.
